

Jonny Cycles Lifetime Warranty

Jonny Cycles are made to last! I make them one at a time with lots of care so they will last you a lifetime. In fact, I provide a limited lifetime warranty to the original owner on all framesets. This warranty covers defects in materials and/or workmanship.

The lifetime limited warranty is conditioned upon the bicycle being operated under normal conditions and use, and being properly maintained. This limited warranty does not apply to paint/finish or components attached to the bicycle/frameset such as front forks (that is, forks not constructed by Jonny Cycles), wheels, drive train, brakes, seat post, handlebar and stem or any suspension related parts or components. Paint/finish is covered under a limited one (1) year warranty from the date of purchase.

This limited warranty does not apply to normal wear and tear, nor to claimed defects, malfunctions or failures that result from abuse, neglect, improper assembly, improper maintenance, alteration, collision, crash or misuse. This frameset has not been designed, engineered, or manufactured for uses in trick riding, ramp riding, jumping, or any similar activities; such uses may damage the bicycle, can cause serious injury to the rider, and in all cases will void this warranty.

If there is a warranty claim, it is my discretion to decide whether to repair the damage, or replace the frame/fork. Either way, you'll end up with a good as new frameset.

So there you have it. If your frame happens to crack 5 years down the road from normal use....fine, you're covered. However, if it breaks or is damaged due to crash damage (or other "improper" use) you're not covered under the warranty, but I'll give you a good deal on a frame repair because I'd like to keep all my framesets going forever.

Enjoy your frame,

Jon Kendziera
